Phone Number: _____ Fax Number: _____

Cell Phone Number: _____ Email Address: _____

Mailing Address: _____

IMPORTANT NOTE: Please advise your O&R representative IMMEDIATELY if you intend to install on-site generation or other power producing equipment. You must submit a separate application for installation of on-site generation or power producing equipment that operates in parallel with the O&R System. You must also obtain approval from O&R's Engineering department before operating the equipment. O&R reserves the right to review, approve or reject ALL interconnection devices that may affect O&R's electric system. Therefore, we recommend that you obtain O&R's approval before purchasing any equipment.

O&R is not responsible for any closing commitments made between the applicant and the customer. Closing dates should not be finalized until electric, gas, telephone facilities are installed and service initiated. You must notify your local telephone and CATV Company of your service requirements. (Noted on signature page).

O&R's tariff is available for review on it's website (www.oru.com) or at O&R's customer service centers upon request.

MULTIPLE (GANG) METER INSTALLATIONS

If you are installing more than two electric and/or gas meters at a single location, you are required to certify the following:

- The electric and/or gas installation shall be completed in accordance with applicable National Electric Code, National Fuel Gas Code and O&R's Specifications for Electric and Gas Installations.
- All electric meter pans and/or gas meter bars shall be labeled with the same designation used on the electric meter pan.
- The electric sub-panel serving the unit shall be labeled with the same designation used on the electric meter pan.
- Your electrical and plumbing contractors shall "ring out" each meter pan and/or fuel line to ensure that these main lines serve the specific units labeled on each meter pan and/or fuel line.
- You will assume liability for all installation work performed by your electrical and plumbing contractor.
- You understand and agree that noncompliance with these requirements and certifications shall result in delays in initiation of service and you may incur additional charges from O&R for additional inspections and administration.

Note: Copies of our Electric and Gas Specifications Manuals are available upon request at your local New Business Office as well as on our website www.oru.com

Construction near Electric Lines

The High-Voltage Proximity Act imposes certain obligations on any individual or company who may be working near electric utility power lines. Before you commence work on a project, you are required to notify your local utility.

Paragraph 5 of §202-h states "Whenever any activity is to be performed requiring precautionary action under the Act, the employer, contractor or other person responsible for the activity shall promptly notify the owner or person in charge of the high-
