ORANGE AND ROCKLAND UTILITIES, INC.
 INITIAL EFFECTIVE DATE: February 28, 2021

LEAF: 217
 REVISION: 3
 SUPERSEDING REVISION: 2

GENERAL INFORMATION

15. SUPPLY AND SUPPLY-RELATED CHARGES AND ADJUSTMENTS (Continued)

15.1 MARKET SUPPLY CHARGE ("MSC") (Continued)

(B) MSC Adjustment

The MSC Adjustment will be determined monthly by subtracting the Company's Actual Monthly Total MSC Cost, including costs associated with both voluntary and mandatory day-ahead hourly pricing customers, and the reconciliation of supply costs and revenues from two months prior, from total MSC revenue recovered through the Forecast MSC Component, MSC Adjustment, and both voluntary and mandatory day-ahead hourly pricing charges, and dividing the result by the Company's billing month forecast of kWh sales for customers subject to the MSC. The MSC Adjustment will be developed on a two-month lag and will be assessed on an equal cents per kWh basis for all customer classes subject to the MSC with the following exception. The costs/benefits associated with hedging instruments shall not be included in the MSC Adjustment applicable to Service Classification No. 9 and Service Classification No. 22 customers.

Actual Monthly Total MSC Costs

The Actual Monthly Total MSC Cost will include all costs associated with purchasing energy, capacity, and ancillary services incurred by the Company in providing electric power supply including costs associated with Non-Utility Generator ("NUG") contracts and costs/benefits associated with hedging instruments. The Actual Monthly Total MSC cost will also include the lost delivery service revenue associated with Rider K and Rider M. The Actual Monthly Total MSC Cost shall be reduced by any penalty amounts received from customers under Rider K, in excess of penalty amounts paid by the Company to the NYISO under the NYISO's Day Ahead Demand Reduction Program. The Actual Monthly Total MSC Cost will also include the total Value Stack Energy Component credits paid to customers served under the Value Stack Tariff as described in Rider N of this Rate Schedule.

(C) Mandatory Day-Ahead Hourly Pricing ("DAHP")

(1) Applicability

Mandatory DAHP is applicable to customers receiving power supply from the Company under Service Classifications Nos. 9 and 22.
