General Provisions - Continued

Value Stack Tariff for PASNY Customer-Generators – Continued

Community Distribution Generation: - Continued

d. CDG Net Crediting Program – Continued

(i) Determination of CDG Satellite's Net Member Credits - Continued

(1) the Total Available Credit; determined as the sum of (a) the CDG Host's Value Stack Compensation for the applicable billing period as calculated in conformance with the Charges and Credits – Value Stack Tariff section under this provision, allocated by the CDG Host to the CDG Satellite in accordance with the CDG Satellite's Allocation Percentage; (b) any Value Stack credits that have been carried forward from CDG Satellite's preceding billing periods, pursuant to paragraph 4.g.(iii) of the Charges and Credits – Value Stack Tariff section of this provision; and (c) any Value Stack credits allocated from a CDG Host's Banked Monetary Credit (pursuant to section (c) of this provision); and

(2) the CDG Satellite's current electric bill for the applicable billing period.

If the Total Available Credit exceeds the Satellite's current electric bill for the applicable billing period, the amount above the CDG Satellite's current electric bill will be banked on the CDG Satellite's account for use in the CDG Satellite's subsequent billing month's Total Available Credit.

The CDG Host and Satellite may make their own agreements for any further payments between the Satellite and the CDG Host, provided the Satellite is not a Mass Market Customer as defined in Rider R of the Schedule for Electricity.

(ii) Determination of CDG Host Payment

The Company will calculate the CDG Host Payment each month and remit it to the CDG Host as a payment in the month following distribution of the Net Member Credits to the CDG Satellites. The CDG Host and the Company will follow the terms of the CDG Net Crediting Agreement and CDG Net Crediting Manual.

The CDG Host Payment will be the sum of the CDG Subscription Fees calculated for each of the project's CDG Satellites in the applicable period less the Utility Administrative Fee. The CDG Subscription Fee for each Satellite will be determined by subtracting the Net Member Credit from the Applied Credit. The Utility Administrative Fee is a percentage of the sum of the CDG Subscription Fees and Net Member Credits, as determined in accordance with section (i) above, for the applicable billing period. The Utility Administrative Fee will be retained by the Company to support implementation and operation costs of the program. The Utility Administrative Fee percentage will be set forth on the Value Stack Credits Statement.
