

PSC NO: 9 GAS

LEAF: 300.3

COMPANY: CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.

REVISION: 11

INITIAL EFFECTIVE DATE: 01/01/18

SUPERSEDING REVISION: 10

Issued in Compliance with Order in Case 16-G-0061 dated January 25, 2017

SERVICE CLASSIFICATION No. 9 – Continued**TRANSPORTATION SERVICE - Continued****Rates - Continued****(I) Balancing Services and Charges for CNG, Bypass and Power Generation Customers - Continued****(2) Balancing Services and Charges for Power Generation Transportation Customers - Continued**

The cost of gas used in calculating the Daily Cashout Credit shall be a weighted average price equal to the product of the percentage weightings, as defined in the GTOP, and the Transco Zone 6-New York, Tetco M3 and Iroquois Z2 Midpoint price as published in Platt's Gas Daily on the day in which the imbalance occurs.

The Customer will also be responsible for any pipeline penalties that may result from net deficiencies or surpluses.

(J) Other Rates, Charges and Adjustments:

Customers shall be responsible for paying one or more of the following rates, charges or adjustments, as applicable, in addition to the Base Rates and, where applicable, Minimum Charge, Low Income Discount under Rider E, and Balancing Service Charges:

(1) Monthly Rate Adjustment:

All Firm Base Rates shall be adjusted for the components of the Monthly Rate Adjustment applicable to SC Nos. 1, 2, 3, and 13 as set forth in General Information Section VII (B) and the Capacity Release Service Adjustment in Rate Provision (J)(5). Firm Base Rates applicable to Customers eligible for Service Classification No. 2 - Rate II, Service Classification No. 2 - Rate II - Riders D, G and I, and Service Classification No. 3 shall also be adjusted for the Weather Normalization Adjustment as set forth in General Information Section IX. 1.

(2) Gas Importer Tax:

In accordance with Section 189 of the New York Tax Law (Chapter 166, Section 147, and Chapter 410 of the Laws of 1991), a tax shall be due and owing for natural gas (termed "gas services" in Section 189) purchased outside New York State from a supplier other than the Company and delivered by the Company to a Customer served under this Service Classification. Such taxes are required to be paid by the Customer to the Company. The tax shall be calculated at the applicable rate in effect, plus applicable surcharges thereon imposed under Sections 186-b, 186-c and 188 of the New York Tax Law, on the cost of gas services, which is presumed to be the "annual average gas price" per Mcf published by the United States Department of Energy on July 1 each year as defined in Section 189. The Company shall calculate the tax required to be collected by multiplying the number of cubic feet of gas service delivered to the Customer during the billing period times the cost of gas services times the tax rate including surcharges thereon.

(3) Increase in Rates and Charges:

The rates and charges under this Service Classification shall be increased by the applicable percentage, in accordance with General Information Section VIII.

(Service Classification No. 9 - Continued on Leaf No. 301)
