SUPERSEDING REVISION:

### GENERAL INFORMATION

#### 13. FORM OF APPLICATION FOR SERVICE (Cont'd.)

##### 13.4 Application for Non-Residential Service (New/Upgrade)

If you meet one of the following criteria, you have the option of being billed under residential or non-residential rates. Please check one of the following (if applicable):

- The premise is a post/hall owned/leased by a not-for-profit corporation that is a veteran's organization.
- The premise will be used as community residence occupied as a supervised or supportive living facility (as accommodations for 14 or fewer residents, with supervisory staff on site on a 24 hour basis, and will be operated by a not-for-profit corporation.
- The premise will be used solely by the religious organization that is applying for service; no part will be leased or subleased to another, and activities will be conducted exclusively for religious purposes.

To qualify for residential rates, you must attach documentation verifying your eligibility for this rate classification. Evidence of eligibility may include, but is not limited to, articles of incorporation, charters, and letters from recognized religious organizations, eligibility designations from the Internal Revenue Service and other documentation of the nature of the organization applying for service. If you submit documentation to O&R and at a later date, the account may qualify for residential rate classification as of the date O&R receives this information. If this is a religious organization, community residence or veteran's organization and O&R denies you residential rates, you may submit a request in writing that O&R inspect the premises and review the rate determination based on the results of this field inspection. You may also appeal the rate classification to the Public Service Commission.
