

PSC NO: 1 GAS LEAF: 183.1
COMPANY: KEYSpan GAS EAST CORP. DBA BROOKLYN UNION OF L.I. REVISION: 4
INITIAL EFFECTIVE DATE: 07/01/17 SUPERSEDING REVISION: 3
STAMPS: Issued in compliance with Orders in C.15-G-0185 dated June 16, 2017

Service Classification No. 13
Temperature-Controlled Transportation Service (continued)
(Rate Codes: 730, 731, 732)

Annual System-Wide Test:

The Company will conduct an announced annual system-wide test of Customers' compliance served under this Service Classification at the beginning of the heating season. The Company will conduct an unannounced system-wide test of Customers' compliance under this Service Classification at the end of each January. The January test will waive penalties for customers that incur an equipment failure as long as the customer provides supporting documentation.

Unauthorized Use Charge:

Beginning two hours after a Company-initiated interruption and continuing for the duration of the interruption period, any gas consumed by a Customer in excess of two therms per hour without the express written authorization of the Company will be subject to an additional per therm charge of either (i) two times the sum of the Market Price for natural gas delivered to the Company's city gate on the day of violation plus the transportation rate the Customer would be subject to if it were a transportation Customer, or (ii) nine times the applicable sales rate, whichever is higher. All charges are subject to all utility taxes and surcharges. *Market Price* is defined as the highest city gate delivered price of natural gas at Transco Zone 6 NY, Texas Eastern M3 or Iroquois Zone 2 on the days of interruption, as quoted by Platts' "Gas Daily" report. A limited exception to the foregoing will apply if the Customer's failure to interrupt during a Company initiated interruption is due to a failure of Company-owned equipment that is not attributable to Customer. In such event, the Unauthorized Use Charge will only apply if the Customer fails to switch after the Company notifies the Customer to switch to its alternate fuel manually. The Customer will be subject to the Unauthorized Use Charge if the Company becomes aware that the Customer failed to interrupt gas service when required to do so because the Customer interfered with Company-owned equipment. In the event of consumption of gas during such periods, the Company will have the right to estimate the amount of such consumption for the purpose of imposing the additional charge. Such estimate may be based upon the average daily consumption during periods of authorized consumption or upon any other reasonable method including, but not limited to, the use of telemetering equipment.

Where a condition is experienced by the Customer that prevents the required switch over from gas, the Customer agrees to immediately notify the Company and to take immediate action to correct such condition, and to notify the Company when such condition has been corrected.
