**Satellite Accounts:** Additional meters designated by the Host Account, with the same name on the account, for the application of excess net metering credits.

**Net-Metered Generation Facility:** A generation facility eligible for net metering in conformance with PSL 66-j or 66-l, limited in size consistent with those statutes, located behind the meter of the Host Account and attached to a load served under one of the Company's service classifications.

**Excess Generation:** the electricity (kWh) supplied by the customer to the Company during the billing period exceeds the electricity (kWh) supplied by the Company to the customer.
