- P. The following rules apply to a customer combining SC4 Supplemental Service with the Empire Zone Rider (EZR) and whose total loss-adjusted NYPA demand allocations are greater than its lowest monthly EZR base period billing demand.
- (1) When the customer accepts its NYPA allocation or whenever the Company receives notification from NYPA that the customer's NYPA allocation is changing or whenever the customer qualifies for EZR, the customer must make an election to choose either:
    - (a) billing NYPA delivery demand pursuant to the billing methodology in this SC-4; or
    - (b) limiting the billed NYPA delivery demand to the lesser of the EZR base period billing demand or the billed NYPA delivery demand pursuant to the billing methodology in this SC-4.

    - (b) To the extent that the financial need demonstrated by the customer is greater than the benefit derived from Section 3 (a), the customer may apply for a Special Contract pursuant to all terms and conditions of Service Classification No. 12.
