6. Convenience Outlet Charge

The obsolete annual convenience (festoon) outlet charge per unit is presented as follows:

Convenience (festoon) Outlet – Old	6.24
------------------------------------	------

7. Pricing Exception Charge

The obsolete annual pricing exception charges per unit, without volumetric charges and adjustments, are presented below in Table 22. The following annual charges represent values specific to facility combinations established prior to the effective date of this Tariff. If there is a change to a pricing exception facility combination, the Company is authorized to eliminate the pricing exception for the affected location. For elimination of a pricing exception to become effective, the Company must notify the customer of the pricing exception elimination, and the resultant pricing change will become effective in the first billing month following such notice. This pricing exception listing will be amended from time to time to reflect changes in the number of units or the type of facilities listed. The number and types of units listed herein, are the number and types in service as of January 1, 2015.
