COMPANY: CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.

REVISION: 5

INITIAL EFFECTIVE DATE: 02/28/16

SUPERSEDING REVISION: 4

STAMPS:

GENERAL INFORMATION - Continued**IX. Special Adjustments - Continued****14. Revenue Decoupling Mechanism ("RDM") Adjustment - Continued**

Allowed Delivery Revenue is equal to the product of the average number of customers in the Rate Year and the Rate Year RPC target for each customer group subject to the RDM. For RDM purposes, one customer equals 360 days of service and is measured by the number of annual bills in a Rate Year where one bill equals 30 days of service. For the Rate Year beginning January 1, 2017 the RPC targets are:

	<u>2017*</u>
SC No. 2 – Rate I	\$ 1,986.85
SC No. 2 – Rate II	2,754.12
SC3 customers with 1-4 dwelling units	1,138.34
SC3 customers with more than 4 dwelling units	16,994.25

*RPC targets for each rate year thereafter will continue at these amounts unless and until changed.

Any resulting RDM adjustment will be surcharged or refunded through separate per therm adjustments applicable to each customer group. Should the amount of any adjustment be less than 0.0001 cents per therm, the Company reserves the right to calculate the adjustment for a shorter time period or to defer the adjustment to a future period. Except as described below, the RDM Adjustment for each group will become effective in the second calendar month following the end of the Rate Year for which the RDM adjustment is calculated and will be recovered or credited over a twelve month period. RDM adjustments by group will be shown on the Statement of Revenue Decoupling Mechanism Adjustment. The Company will file such Statement with the Public Service Commission no less than two working days prior to the start of each twelve month period that the RDM Adjustment is to be in effect (and no less than two working days prior to any change in the RDM Adjustment as set forth herein).

All refunds or surcharges billed to customers through the RDM adjustments shall be subject to reconciliation at the end of each reconciliation period.

The Company may implement an Interim RDM Adjustment whenever the Company determines that such an adjustment is necessary to avoid a large over- or under- collection, based on the Company's projection for that Rate Year of forthcoming RDM reconciliation balances. Any Interim RDM Adjustment will be determined based on a twelve month recovery period and resulting higher or lower revenues will be included in the annual RDM reconciliation.
