Customers will be served under a block rate structure with a monthly minimum charge of \$100.00 for the first 3 therms or less. The Posted Rates Section of Service Classification No. 12 defines the eligibility criteria the monthly minimum charge and the blocked rate structure for interruptible service and the Character of Service section defines the method of service interruption.

**Posted Rates:**

Separate rates shall be established for (1) Residential Transportation Service for Customers served under Service Classification ("SC") No. 9, whose equivalent firm sales SC would be SC 1 or SC 3, (2) Non-Residential Transportation Service for Customers served under SC 9 whose equivalent firm sales SC would be SC 2, and (3) Non-Residential PBT Exempt Transportation Service for Customers who are fully exempt from the Petroleum Business Tax on their oil purchases for a reason other than residential usage and whose equivalent firm SC could be either SC 1, 2, or 3. These rates represent local distribution charges and shall be posted monthly on the Statement of Rate for Service Classification No. 9. The Company may temporarily decrease the rate level(s), at its sole discretion, at any time during the month upon notice to the Customer given in accordance with the Company's Sales and Transportation Operating Procedures.

The minimum volumetric rate shall be one cent per therm for each rate block. If the Company has charged under this Service Classification, during the annual period defined below, an amount greater than the Company would have charged the Customer under the firm transportation Rates applicable to a Customer otherwise eligible for Service Classification No. 2 or No. 3 (as would have been applicable to the customer's use of service, exclusive of the air-conditioning rate, applicable Riders D, G and I Transportation Rates and other Riders and reductions to the otherwise applicable rates), the Company will perform a reconciliation. The reconciliation shall be performed after May 31 of each year for those customers that have taken service under this Service Classification for all of the months during the twelve-month period ending May 31.

The reconciliation shall exclude any Charges for Unauthorized Use and balancing charges, including other charges and surcharges to the base rates set forth in this service classification related to a Customer's failure to comply with any of the provisions of this Service Classification, the Company's Sales and Transportation Operating Procedures, or this Rate Schedule. Any overcharged amount shall be reconciled by means of a credit applied to the Customer's August monthly bill.

The first reconciliation performed after January 1, 2017 will be performed for the thirteen-month period ending May 31, 2017 except that customers that have taken service under this Service Classification for all of the months during the twelve-month period ending April 30, 2017 but did not take service under this Service Classification for the month of May 2017 will have their reconciliation performed for the twelve-month period ending April 30, 2017.
