

PSC No: 120 - Electricity
New York State Electric and Gas Corporation
Initial Effective Date: November 27, 2015
Issued in compliance with Order in Case No. 15-E-0267, dated October 16, 2015

Leaf No. 117.42.1.2
Revision: 0
Superseding Revision:

GENERAL INFORMATION

31. Micro-Hydroelectric Service Option (Cont'd)

B. Non-Residential (Cont'd)

4. Remote Net Metering (Cont'd)

IV. Calculation and Application of Net Metering Credits

c. Application of Volumetric kWh Credits:

As each Satellite Account is billed, excess kWh designated to the Satellite Account is converted to a monetary credit and applied to the per kWh charges on the Satellite Account. Monetary credits are calculated using the per kWh rate for the Service Classification applicable to the Satellite Account. If a credit remains after applying to the Satellite Account, the credit is converted back to kWh based on the per kWh rate for the Service Classification applicable to the Satellite Account and the kWh are transferred to the Host Account. This process between Host and Satellite Accounts shall repeat until the value of the excess credit is zero, or until all the Satellite Accounts have been billed. Any remaining kWh credits shall be carried forward on the Host Account to the following month.

In the case of two Satellite Accounts billed on the same day, the excess credit shall be applied to the highest usage account first.

The credit applied to a Satellite Account shall not exceed the current electric per kWh delivery charges, and if applicable, Company supply charges.

- d. Upon the Company's determination that the customer has taken service under this Section 31 while in violation of the conditions of service set forth in this Schedule, the customer shall forfeit any positive balance accrued during the annual period in which the violation occurred.

V. Host Account Closure

Any remaining excess credits shall not be cashed out or transferred.
