## GENERAL INFORMATION

### 15. MARKET SUPPLY CHARGE ("MSC") (Continued)

#### 15.3 MANDATORY DAY-AHEAD HOURLY PRICING ("DAHP") (Continued)

##### (C) Posting of Hourly Energy Charges

The hourly energy charges for electric power supply, including the Ancillary Services/NTAC/NYISO Transmission Charges, shall be posted by the Company on an internet website. All customers subject to DAHP will be responsible for obtaining price information from this website and will be billed based upon the hourly charges posted on this website.

#### 15.4 STATEMENT OF MARKET SUPPLY CHARGE

Market Supply Charges shall be determined monthly to be effective for service rendered during the following billing month. The MSCs so determined shall remain in effect until changed as authorized by the Commission.

The Forecast MSC Component, the MSC Adjustment and their sum, adjusted for applicable taxes pursuant to General Information Section No. 19, will be separately displayed on customers' bills.

Not less than three business days prior to a proposed change in the MSC, a "Statement of Market Supply Charge" ("Statement") showing the MSC for each applicable customer class, the DAHP Ancillary Services/NTAC/NYISO Transmission Charges, and Capacity Charges, and the effective date of such Statement, will be filed with the Commission, apart from this Schedule. Such Statement shall be available to the public at Company offices at which applications for service may be made.
