

Effective Date: 09/21/2015

PSC No: 120 - Electricity
 New York State Electric and Gas Corporation
 Initial Effective Date: September 21, 2015
 Issued in compliance with Notice in Case 14-E-0422 and 15-E-0151, dated April 17, 2015

Leaf No. 117.0.1
 Revision: 4
 Superseding Revision: 3

GENERAL INFORMATION

22. Farm Waste Electric Generating System Option (Cont'd.)

I Remote Net Metering (Cont'd)1. Definitions (Cont'd)

Satellite Accounts: Additional meters designated by the Host Account with the same name on the account, for the application of excess net metering credits.

Excess Generation: the electricity (kWh) supplied by the customer to the Company during the billing period exceeds the electricity (kWh) supplied by the Company to the customer. For customers billed on time-differentiated rates (TOU meter), *e.g.*, On-Peak/Off-Peak, the excess is calculated and maintained for each peak.

2. Customer Requirements and Eligibility

A customer participating in Farm Waste Electric Generating System Option may designate all or a portion of the excess credit, after application to the Host Account, to Satellite Accounts at any property owned or leased by such customer within the same load zone as determined by the Locational Based Market Price. This will be completed on a form when submitting their initial remote net metering application.

Satellite Accounts must be held by the same customer and have an identical billing name, on property owned or leased by such customer. The utility reserves the right to investigate/obtain proof that all designated accounts are held by the customer. Satellite Accounts cannot also participate in: Wind Electric Service Options; or Solar Residential Electric Service Option; or Solar Non-Residential Electric Service Option; or Farm Waste Electric Generating System Option; or Electric Hybrid Generating System Option; or Micro-combined Heat and Power Service Option; or Fuel Cell Residential Electric Service Option. Satellite Accounts can only have one Host Account.

a. Facility Located and Used at Farm Operation

- i. A demand billed customer that applies for Remote Net Metering as a Host Account shall receive monetary satellite credits calculated pursuant to Section 4.a. Application of Monetary Credits.
- ii. A non-demand billed customer with a Facility Located and Used at Farm Operations that applies for Remote Net Metering as a Host Account shall receive volumetric per kWh satellite credits calculated pursuant to Section 4.b. Application of Volumetric Credits, except for those projects that meet the Grandfathering Requirements:

Grandfathering Requirements:

Net metered projects, under Public Service Law §66-j, meeting the following criteria and conditions will be allowed to retain monetary crediting pursuant to Section 4.a. Application of Monetary Credits, at qualifying remote net metered locations.

- 1) By June 1, 2015:
 - i. Projects that have been interconnected; or
 - ii. Projects for which developers have submitted a completed interconnection application to the relevant utility; or
 - iii. Projects that have completed applications for grants through Program Opportunity Notices (PONs) 2112, 2439, 2589, 2860, and 2956 conducted by the New York State Energy and Research Development Authority (NYSERDA) or the Request for Proposals (RFP) process conducted by New York City for development of renewable facilities at the Freshkills Landfill; or,
