

PSC NO: 15 ELECTRICITY

LEAF: 163.5.39

COMPANY: CENTRAL HUDSON GAS &amp; ELECTRIC CORPORATION

REVISION: 0

INITIAL EFFECTIVE DATE: 07/01/15

SUPERSEDING REVISION:

Issued in Compliance with Order C. 15-E-0186 dated June 18, 2015

**43. DIRECT LOAD CONTROL PROGRAM** (Cont'd)

“Service Provider” means a provider registered with the Company to develop, maintain, and operate a communications portal that enables Internet-connected Control Devices to participate under this program. A list of current Service Providers is available on the Company’s website.

**Applications:**

Applications to participate under this program may be made throughout the year either electronically or in writing.

**Customers Receiving a Control Device from the Company:**

Customers who receive a Control Device from the Company will be enrolled in the program and agree to allow the Company to control the Control Device for the purposes of this program. The Control Device will become the Customer’s property upon installation.

Starting with the second Summer Period (defined hereunder as May 1 through September 30) in which the Customer participates, the Customer will be eligible for an annual incentive payment of \$25, payable by check or gift card at the Company’s discretion, after each Summer Period in which the Company can verify that the Customer allowed the Company to control the Control Device for no less than 80 percent of the aggregate number of Event hours declared by the Company during the Summer Period.

**Customers Installing Their Own Control Device:**

Customers who install their own Control Device and enroll in the program through a Service Provider will receive a one-time sign-up payment of \$85, either by check or gift card at the Company’s discretion, after the Company and/or Provider has confirmed the Company’s ability to communicate with the Control Device.

Starting with the second Summer Period (defined hereunder as May 1 through September 30) in which the Customer participates, the Customer will be eligible for an annual incentive payment of \$25, payable by check or gift card at the Company’s discretion, after each Summer Period in which the Company can verify that the Customer allowed the Company to control the Control Device for no less than 80 percent of the aggregate number of Event hours declared by the Company during the Summer Period.

**Restrictions:**

This program is not available to Customers who participate in either directly or indirectly through a third party, under any other Company or NYISO demand-response program (e.g., the Company’s Targeted Distribution Load Relief Program).
