B. Non-Residential Electric Service Option (cont'd)

4. Remote Net Metering (cont'd)

IV. Calculation and Application of Net Metering Credits (Cont'd)

c. Application of Volumetric kWh Credits to Satellite Accounts:

Any remaining monetary credit from the Host shall be converted back to kWh and allocated to each Satellite Account in accordance with the Host Account designation pursuant to Section 3. As each Satellite Account is billed, excess kWh designated to the Satellite Account is converted to a monetary credit and applied to the Satellite Account. Monetary credits are calculated using the Company's Service Classification No.10 Buy Back Service Energy only rate applicable to the per kWh charges on the Satellite Account. If a credit remains after applying to the Satellite Account, the credit is converted back to kWh based on the Company's Service Classification No.10 Buy Back Service Energy only rate applicable to the Satellite Account and the kWh are transferred to the Host Account. This process between Host and Satellite Accounts shall repeat until the value of the excess credit is zero, or until all the Satellite Accounts have been billed. Any remaining kWh credits shall be carried forward on the Host Account to the following month.

In the case of two Satellite Accounts billed on the same day, the excess credit shall be applied to the highest usage account first.

The credit applied to each Host or Satellite Account shall not exceed the current electric delivery charges, and if applicable, Company supply charges.

Upon the Company's determination that the customer has taken service under this Section 30 while in violation of the conditions of service set forth in this Schedule, the customer shall forfeit any positive balance accrued during the annual period in which the violation occurred.

V. Host Account Closure

Any remaining excess credits shall not be cashed out or transferred.
