GENERAL INFORMATION

62.   COMMERCIAL SYSTEM RELIEF PROGRAM (Continued)

62.8   Payments Made Under Both Options

62.8.1   Payments will be made pursuant to Rules 62.9 and 62.10 of this Program, except as specified below:

62.8.1.1 Performance Payments will not be made under this Program if the Direct Participant or Aggregator (on behalf of its customers) receives payment for energy during concurrent Load Relief hours under Rule 61, Distribution Load Relief Program, or any other Company, third party, or NYISO demand response program (e.g., NYISO's Emergency Demand Response Program, NYISO's Day-ahead Demand Reduction Program or NYISO's SCR Program, or any successor Company program to the NYISO's SCR Program).

62.9   Reservation Payment Option

62.9.1   Reservation Payments

62.9.1.1 Direct Participants and Aggregators will receive a Reservation Payment for each Capability Period month in which they are enrolled. The Reservation Payment rate per kW is based on the number of cumulative Planned Events for which the Direct Participant or Aggregator was asked to provide Load Relief during the Capability Period, as follows:

62.9.1.1.1 The payment rate is calculated in dollars per kW per month in months in which, as of the last day of such month, the Company asked the Direct Participant or Aggregator to provide Load Relief for four or fewer cumulative Planned Events since the current Capability Period commenced.

62.9.1.1.2 The payment rate is calculated in dollars per kW per month commencing in the month in which, as of the last day of such month, the Company asked the Direct Participant or Aggregator to provide Load Relief for five or more cumulative Planned Events since the Capability Period commenced.

62.9.1.1.3 The Reservation Payment per month is equal to the applicable Reservation Payment rate per kW per month multiplied by the kW of contracted Load Relief multiplied by the Performance Factor.

62.9.1.2 Performance Payments for Participation during Planned Events and Test Events

62.9.1.2.1 Except as specified in Rule 62.8, the Company will make a payment to a Direct Participant or Aggregator who provides Load Relief during the Contracted Hours of a Planned Event or Test Event.

62.9.1.2.2 The Performance Payment amount paid per event is equal to the Performance Payment rate in dollars per kWh multiplied by the average hourly kWh of Load Relief provided during the event multiplied by the number of event hours in the Planned or Test Event.
