ORANGE AND ROCKLAND UTILITIES, INC.**LEAF: 157.4
REVISION: 0

INITIAL EFFECTIVE DATE: July 1, 2015

SUPERSEDING REVISION:

Issued in compliance with Order in Cases 14-E-0423 and 15-E-0191 dated 6/18/2015.

GENERAL INFORMATION**13. SERVICE CLASSIFICATION RIDERS (Continued)****RIDER F (Continued)****DISTRIBUTION LOAD RELIEF PROGRAM****NOTIFICATION BY THE COMPANY AND REQUIRED RESPONSE**

The Company will notify Direct Participants and Aggregators by phone, e-mail, or machine-readable electronic signal, or a combination thereof, in advance of the commencement of a Load Relief Period or Test Event. The Direct Participant or Aggregator shall designate in writing an authorized representative and an alternate representative, and include an electronic address if applicable, to receive the notice. If an Aggregator is served under this Rider, only the Aggregator will be notified of the Load Relief Period or Test Event. The Aggregator is responsible for notifying all of the customers within its respective aggregation group in the affected area(s).

METERING

- (A) Participation under this Rider requires that each participant's entire service be measured by interval metering with telecommunications capability used by the Company for monthly billing. If an Aggregator takes service under this Rider, all customers of the Aggregator must meet the metering and telecommunications requirements specified hereunder.
- (B) If, at the time of application for service under this Rider, the Company does not bill the participant monthly using interval metering, the customer shall arrange for the furnishing and installation of interval metering with telecommunications capability to be used for billing and arrange for telecommunications service, at the participant's expense, net of any discount or rebate received by the participant.
- (C) For participation under this Rider, the metering equipment and telecommunications service must be installed and made operational prior to the Company's acceptance of a completed application. Except for customers starting the program in the Summer of 2015, participation under this Rider will commence the first day of the first month within the Capability Period that occurs at least 30 days after both the interval metering and telecommunications service become operational, but no later than July 1.
