SUPERSEDING REVISION:

Issued in compliance with Order in Cases 14-E-0423 and 15-E-0191 dated 6/18/2015.

---

**GENERAL INFORMATION****13. SERVICE CLASSIFICATION RIDERS (Continued)****RIDER F (Continued)****DISTRIBUTION LOAD RELIEF PROGRAM****RESERVATION PAYMENT OPTION (Continued)****(E) Performance Factor (Continued)**

Performance Factor, when a Test Event is called, is the ratio of the kW of Load Relief provided during the Test Hour by the Direct Participant or Aggregator up to the kW of contracted Load Relief to the kW of contracted Load Relief.

When more than one Contingency Event, Immediate Event and/or Test Event is called during the month, the Performance Factor is the average of the Performance Factors for the Direct Participant or the average of the Performance Factors for the Aggregator during that month. Where service is taken under this Rider by an Aggregator, "the kW of contracted Load Relief" is measured on a portfolio basis by CBL Verification Methodology. The Performance Factor is rounded to two decimal places and has an upper limit of 1.00 and a lower limit of 0.

The Performance Factor for the month is used to calculate Reservation Payments for that month and each month thereafter until the month in which the next Test Event or Load Relief Period is called by the Company during the current or subsequent year's Capability Period.

If the Direct Participant or Aggregator did not participate in the program during the prior Capability Period, and no Load Relief Periods or Test Events have been designated since the Direct Participant or Aggregator enrolled in the program, the Performance Factor at the end of the current month is assumed to be 1.00.

**(F) Application of Payments**

Reservation Payments will be calculated on a monthly basis. Payments will be made by bill credit, check or wire transfer.
