10.4 DATA SERVICES FOR COMMUNITY CHOICE AGGREGATION

Under Community Choice Aggregation ("CCA"), the "CCA Administrator" is either a municipality, as defined in the Commission's Order of April 21, 2016, in Case 14-M-0224 ("CCA Order"), acting on its own behalf or a third party acting on behalf of the municipality. CCA Administrators may request CCA Data Services as described below, subject to the requirements of the Commission as specified in its CCA Order and other Orders as may be issued from time to time. CCA Data Services provided by the Company include: (a) aggregated customer data for the past 12 months for eligible service classifications, by service classification, for classes the CCA Administrator plans to enroll in CCA on an opt-out basis, including the number of eligible gas customers and the aggregated volumetric gas consumption by month; and (b) customer-specific information, consisting of the customer's name, mailing address, telephone number, account number, and primary language, if available, and any alternate billing name, address, and phone number, for use by the CCA Administrator to execute a CCA opt-out process. Aggregated customer data will not be provided for any service classification having either too few customers or a single customer comprising a large portion of the load, which could provide significant information about an individual customer's usage.

Initial fees for CCA Data Services requested by a CCA Administrator are payable as follows:

- (A) \$0.30 per account for gas CCA Data Services, payable by the CCA Administrator after the Commission's approval of the CCA Implementation Plan, Data Protection Plan, and certification of local authorization, provided that the CCA Administrator has entered into a Data Security Agreement with the Company; and
- (B) \$2.70 per account for gas CCA Data Services, payable by the CCA Administrator or the Marketer after demonstrating that the Marketer has entered into a contract with the municipality to provide energy supply to CCA participants.

There will be an additional fee of \$1.50 per account for gas CCA Data Services, payable by the CCA Administrator or Marketer, as applicable, for any request beyond the CCA Administrator's initial request.
