GENERAL INFORMATION

2. How Service May Be Obtained: (Cont'd.)

B. Extension of Facilities (Cont'd.)

(3) Obligations of all Applicants: (Cont'd.)

- The Company shall assume ownership and responsibility for the Distribution Line and right of way upon verification that the completed line meets required standards and is placed in service, and the Company shall thereafter maintain the line as if it were constructed by the Company or its contractors. Placed in service is to mean connected to the Company's existing facilities by the Company;
- if additional applicants request service off the distribution line within 10 years of its construction, excess line allowances shall be recalculated as described in Rules 2.B.(4)(c)(i) and 2.B.(3)(f). Any prorated refund shall be at the lesser of the customer's actual, invoiced construction cost or the Company's average experienced construction costs;
- at the Company's discretion it shall construct the applicant's distribution line allowance (500' single phase or 300' three phase) or reimburse the applicant for the applicable allowance at the lower of the applicants' invoiced construction costs or the Company's actual experienced costs.

(c) has either:

- (i) delivered to the Company, free from cost, any necessary easements or rights-of-way; or,
- (ii) paid, or agreed in writing to pay, any charge relating to the Company's acquisition of the necessary easement or rights-of-way. The applicant must indicate to the Company, in writing, that they have been unable to obtain such easement or rights-of-way; and

(d) has furnished reasonable security, based on the estimated construction costs of the portion of the line extension in excess of what the Company provides without charge, if so required by the Company.
