

PSC No. 5 - WATER**COMPANY: NEW YORK AMERICAN WATER COMPANY, INC.****INITIAL EFFECTIVE DATE: MAY 29, 2016****LEAF NO.: 50****REVISION: 0****SUPERSEDING REVISION:****VII. INSTALLATION OF SERVICES (CONTINUED)**

7. Water service may be discontinued by the Company for refusal to grant access for the aforementioned purposes,
 - 7.1. where the Company has a reasonable basis to believe, from the nature or use of such premises, that a determination should be made as to the existence, non-existence or degree of contamination hazard or
 - 7.2. where the activities there are comparable or similar to those of typical establishments listed in the State Department of Health guidelines as requiring protective devices.
 - 7.3. The customer will not be subject to discontinuance if, upon the refusal to provide access, he or she provides a certification by a professional engineer (or architect) licensed and registered in New York State that a backflow prevention device that meets the requirements of the Company and the State Department of Health has been installed; or, in the alternative the customer provides a certification by a professional engineer (or architect) licensed and registered in New York State that such device is unnecessary at the premises. Such certification must be to the satisfaction of the Company.
8. The Company will discontinue service to a customer's premises immediately in the event of an actual or imminent contamination, pending its abatement, where such contamination threatens the health or safety of persons or the Company's water supply.
9. If the Company is aware of a hazardous condition that may affect the health and safety of consumers of its water, it will immediately make all reasonable efforts to contact affected parties.

P. Company Right to Restrict Water Use

1. The Company reserves the right to restrict or prohibit the use of water for non-essential purposes at any time the Company deems such action necessary in the public interest for the safeguarding and protection of water supply necessary for fire protection, domestic and sanitary requirements of its consumers at large or to comply with any laws or regulations enacted by governmental authorities.

Q. Restrictions of Water Use

1. The Company reserves the right in the event of a drought or emergency to prohibit the use of water on odd numbered days for watering or sprinkling lawns or gardens of premises having odd street address numbers, and on even numbered days for watering or sprinkling lawns or gardens of premises having even street address numbers. The Company further reserves the right to restrict the use of water for sprinkling purpose to the period between the hours of ten (10) P.M., and six (6) A.M., or to decrease or temporarily discontinue water in an emergency if such action is necessary to maintain the water supply for fire protection, domestic and sanitary requirements.
2. The Company adopts all water conservation ordinances passed by a governmental agency having jurisdiction within its franchise area. In the event a customer of the Company should violate a local water conservation ordinance the Company can enforce compliance through Section VI, subsections I and K, Termination of Service by discontinuing the customer service for (willful) waste.
