

PSC No. 5 - WATER**COMPANY: NEW YORK AMERICAN WATER COMPANY, INC.****INITIAL EFFECTIVE DATE: MAY 29, 2016****LEAF NO.: 55****REVISION: 0****SUPERSEDING REVISION:****IX. LAWN SPRINKLER SERVICES – RULES AND REGULATIONS (continued)**

3. The customer shall enter into a contract with the Company wherein the customer agrees to use the Lawn Sprinkler Service for ten full seasons from the day of installation under this classification.
 - 3.1. To guarantee such agreement the customer shall deposit with the Company, in advance of installation, the estimated cost of the installation of service pipe from the main to the property line.
 - 3.1.1. Upon determination of the actual cost of the installation the deposit will be adjusted and any differences between the actual cost of the installation and the estimated cost will be billed or refunded to the customer.
 - 3.2. Deposits will bear interest at the rate currently authorized by the Commission.
 - 3.3. The adjusted deposit covering the actual cost of the installation will be held by the Company for ten full seasons. After the service line has been in use for ten full seasons, the adjusted deposit will be refunded in its entirety.
 - 3.4. If the customer discontinues service at any time prior to ten full seasons the Company will charge the adjusted deposit with the entire cost of such service less depreciation at the rate currently authorized by the Commission, for the period such service has been in the ground and return to the customer the difference remaining.
 4. The Company will furnish and install the entire service from the main to the property line and will furnish and install a meter not to exceed 2" to record the quantity of water consumed.
 - 4.1. The Company shall have the right to determine the size of the service line and the size of the meter.
 5. The customer shall install and maintain a meter box or pit of substantial construction at or immediately adjacent to the property line, unless another location for good reason shown, is approved by the Company, and provide the necessary piping therein for the connection of the water meter.
 - 5.1. The customer shall furnish and install in the meter box or pit an approved double check valve (DCV) or reduced pressure zone (RPZ) device and three resilient seat type valves in accordance with the layout furnished by the Company filed with the Public Service Commission of the State of New York in this section, Subsection F. The DCV or RPZ device shall be installed in accordance with the New York State Health Department guidelines regarding cross connection control and as described under the Extension of Facilities Section VII subsection J in the General Information Section included herein.
- C. Applicable to "Do It Yourself" type of Lawn Sprinkler Systems which is supplied by the existing service line for General Use (one service line – one meter).**
1. Service Classification No. 1 – Season starts May 1 and ends November 1 annually.
 2. This type of sprinkler service is connected to an outside hose bib or sill cock not in excess of ¾".
 - 2.1. It is not usually installed by a licensed plumber.
 3. The Company will not guarantee that the existing service line is adequate to furnish both the general and sprinkler service.
