

PSC NO: 9 GAS  
NATIONAL FUEL GAS DISTRIBUTION CORPORATION  
INITIAL EFFECTIVE DATE: 05/31/2016

SECTION: 4 LEAF: 1  
REVISION: 0  
SUPERSEDING REVISION:

#### SERVICE CLASSIFICATION No. 4

#### SUPPLEMENTAL SERVICE

##### A. APPLICABLE TO USE OF SERVICE FOR:

Qualifying Customers of the Company who desire the Company to maintain the facilities to provide the Customer with natural gas service to supplement the Customer's independent supply of natural gas. A qualifying Customer must: (1) have an independent supply source of natural gas being made available to the Customer by way of a pipeline system independent of the Company's pipeline system; (2) have entered into a Supplemental Service Agreement with the Company; and (3) have traditionally experienced its peak usage during December, January or February.

##### B. CHARACTER OF SERVICE:

Delivery and sale of natural gas service to supplement the Customer's independent supply of natural gas, available to the Customer up to a specified volume; primarily natural gas with minimum B.T.U. content 1,000, and normal pressure not less than four inches.

##### C. RATE:

###### (1) Demand Component –

The demand component of the rate is to be computed as follows:

$$(F.C.C. * M.D.V.) + (D.C. * M.D.V.)$$

F.C.C. = Fixed Cost Charge  
M.D.V. = Maximum Daily Volume Expressed in Mcf  
D.C. = Demand and Winter Requirements Charge

The Fixed Cost Charge is provided in General Information Section 38.A.

The Demand Charge and Winter Requirements Charge shall be the demand and storage charges billed to the Company by upstream pipelines as calculated in the Monthly Gas Supply Charge.

The M.D.V. is established at the Customer's peak daily usage for the first winter month (December, January or February) that the Customer receives service under this Service Classification. Once the M.D.V. is established by the Customer's usage, it shall remain in effect for a 12-month period. In the event that the Customer subsequently exceeds the M.D.V. during the calendar months December, January or February, then the M.D.V. shall be reestablished at the higher volume. The reestablished M.D.V. shall remain in effect, and shall be used for billing the Customer, for a 12-month period starting with the billing month following the day it was established.

###### (2) Volumetric Component –

For all gas delivered to the Customer, the Customer shall pay the "commodity cost of gas," as
