

P.S.C. NO. 3 ELECTRICITY**ORANGE AND ROCKLAND UTILITIES, INC.**

INITIAL EFFECTIVE DATE: June 1, 2016

SUPERSEDING REVISION:

Issued in compliance with Notice in Case 15-E-0749 dated 12/23/2015.

LEAF: 304.1
REVISION: 0**SERVICE CLASSIFICATION NO. 6 (Continued)****SPECIAL PROVISIONS: (Continued)****(J) Customer Purchases of Company Facilities (Continued)**

- (7) Any purchase of the Company's street lighting system will require the installation by the customer of a Company-approved disconnect device on all street lights. The installation of the disconnect devices must be completed by the time specified in the written agreement; however, the maximum time that will be allowed in any written agreement for the customer to provide to the Company proof of the installation of the disconnect devices will be within 24-months of the transfer of the street lighting system by the Company to the customer. On the date of such transfer, the customer shall provide the Company with an irrevocable letter of credit or other form of security acceptable to the Company in an amount adequate to cover the costs, as determined by the Company, of installing the disconnect devices. Should the customer not provide proof of the installation of the disconnect devices on all purchased street lights within the time specified in the written agreement, the Company shall notify the customer of its intention to perform such work on the customer's behalf. Upon completion of such work, the Company shall determine its actual costs of performing such work, inclusive of all applicable overheads and shall invoice the customer for such amount. If that invoice is not paid within 15 days, the Company may draw on the letter of credit or other form of security provided by the customer. Once the installation of the disconnect devices is completed, the Company shall either release any security amounts in excess of such costs or include any remaining costs of such work in its bill to the customer for street lighting service. Such letter of credit or security shall be required for all agreements entered into after June 1, 2016.
- (8) Pursuant to the requirements of § 70-a of the Public Service Law, any personnel that work on any customer-owned street lighting system shall be electrically qualified to work on such street lighting system and shall be in compliance with all established standards associated with work in close proximity to electric equipment.
- (9) The customer may file a petition with the Commission at any time to facilitate an ownership transfer agreement for the Company's street lighting system. Such petition must comply with the requirements of § 70-a of the Public Service Law, the requirements of the Commission's Rules of Procedure, 16 NYCRR Part 3, and any other applicable requirements.
