The rate of interest on customer overpayments shall be the greater of the unadjusted customer deposit rate specified by the Commission or the applicable late payment rate, if any, for the service classification under which the customer was billed. Interest shall be paid from the date when the customer overpayment was made, adjusted for any changes in the deposit rate or late payment rate, compounded monthly, until the date when the overpayment was refunded.

The Company shall be required to pay interest, in the manner described above, on any refund returned to a customer, except where customer overpayments are refunded within 30 days after such overpayment was received by the Company.
