## GENERAL RULES

### 24. Service Classification Riders (Available on Request) – Continued

#### RIDER R – Net Metering for Customer-Generators – Continued

##### A. Applicability – Continued

Service will be provided under this Rider to eligible Customers on a first come, first served basis based on the date the Company notifies the Customer that it has received a complete project application in accordance with the SIR. The total rated generating capacity of wind electric generating equipment served under this Rider is limited to 33,246 kW. The limit on total rated generating capacity for the aggregate of all other electric generating equipment served under this Rider (664,920 kW) is waived to the extent directed by the Commission in its Order issued October 16, 2015, in Case 15-E-0407.

The Company will process requests for interconnection under this Rider in accordance with the SIR. The Company reserves the right to decline requests from generators to interconnect to the distribution network system when the Company deems it necessary to protect its system, facilities, or other Customers.
