INITIAL EFFECTIVE DATE: 01/01/17 SUPERSEDING REVISION:
20STAMPS: Issued in compliance with Orders in C.16-G-0058 and C.15-G-0185 dated
December 16, 2016

Service Classification No. 13
Temperature-Controlled Transportation Service (continued)
(Rate Codes: 730, 731, 732)

Communications Protocol (continued)

- a) The Company will commence daily communications with all demand response parties as soon as weather forecasts project outside temperatures to be 20 degrees or below for the upcoming three consecutive days or during times when three days of consecutive customer interruptions occur.
- b) The Company will implement daily communications with demand response customers (email, mobile text messages, fax or phone call), during an interruption and, at a minimum at least one time at the end of every interruption to remind customers to replenish alternate fuel inventories as needed to maintain minimum levels.
- c) Customers will be required to provide affidavits confirming that they have alternative fuel supply contracts in place for the upcoming winter heating season and that such contracts provide for alternative fuel replenishment on an as-needed basis. The affidavits will also include information regarding on-site storage facilities, total storage capacity, and estimated number of peak days of storage. The Company will phase in this requirement over a three-year period commencing with Winter 2017/2018. The Company will collect affidavits at random from one third of its demand response customer base each year. New affidavits will be required from individual customers every three years. Customers will be responsible for providing new affidavits if there are any changes to the affidavits originally submitted prior to the three year renewal.
