- A Customer that is not able to meet the requirements of a curtailment will also be subject to the following:

The daily alternate fuel market price will be as the New York spot \$/MMBtu price of the customer's alternate fuel as published in Platt's Gas Daily in the table "Platt's oil prices" for the day prior to the noncompliance. If the customer's alternate fuel is No. 4 or No. 6 oil, the applicable alternate fuel price will be "1% Resid HP". The customer may be billed back to and including November 1 and until the point the customer complies with the tariff requirements.
- 14.15 Prior to November 15 of each year, the Company will institute an annual announced system curtailment. Customers must reply to the request for information within thirty (30) days of receipt. Failure to reply will subject the Customer to the Company's curtailment charge. In addition, if for any reason the Customer is not able to curtail usage during the annual system curtailment, the Customer will be subject to the Company's curtailment charge, as described above, for all gas consumed by the Customer until the Customer is able to meet the requirements of a curtailment.
