d. Performance Adjustment

A Performance Adjustment will be applied in calculating the Performance Factor if the Direct Participant or Aggregator requests in writing to provide Performance Adjusted kW.

Once a Performance Adjustment is in effect, a Direct Participant or Aggregator may request subsequent increases to the Performance Adjusted kW if the updated kW level meets the requirements for Performance Adjusted kW. No more than one request will be accepted per month to change to the Performance Adjusted kW. The Performance Adjustment will become effective commencing the first day of the first calendar month that follows the Company's receipt of the request to initiate or update the Performance Adjusted kW.

If the current Performance Factor is lower than the previous month's Performance Factor, the lower Performance Factor becomes the new Performance Factor for the current month and each month thereafter the month in which a Performance Adjusted kW request is received or a lower Performance Factor is achieved.

3. Application of Payments

Reservation Payments will be calculated on a monthly basis. Payments will be made by bill credit, check, or wire transfer.

4. Testing

The Company may require a Direct Participant or Aggregator to participate in one or more Test Events, each for a period not to exceed one hour, commencing at a time determined solely at the Company's discretion, but within the Contracted Hours specified for the network.

The Company will make a payment for one hour of energy for the Load Relief achieved up to the contracted amount, as specified above in section J.1. A Direct Participant or Aggregator who fails the Test will be subject to the Penalties described above in section J.2.
