

PSC NO: 9 GAS

LEAF: 38.1

COMPANY: CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.

REVISION: 1

INITIAL EFFECTIVE DATE: 12/01/13

SUPERSEDING REVISION: 0

STAMPS: Issued in Compliance with Order in Case 13-G-0156 dated November 14, 2013

GENERAL INFORMATION - Continued**III. General Rules, Regulations, Terms and Conditions under Which Gas Service Will Be Supplied,
Applicable to and Made a Part of All Agreements for Gas Service - Continued****3. Installation of Mains and Services – Continued****(J) New York City Clean Heat Area Growth Program**

At the Company's sole discretion, the Company may establish one or more temporary "Area Growth Zones" (AGZ) under an Area Growth Program within the Company's New York City gas service territory, in conjunction with the New York City Clean Heat Program, which requires the phasing out of the use of No. 6 and No. 4 fuel oils for heating by 2015 and 2030, respectively. Under the Area Growth Program, main extension and service line charges for gas service in an AGZ may be waived for oil-to-gas heat conversion applicants if certain conditions are met. Applicants may receive a gas service connection without utility cost, irrespective of the cost responsibility in General Rule 3(C), for connecting with a single service to the property line and a point of entry to be determined by the Company, provided that the construction in the AGZ is economically justifiable in the aggregate.

To participate in the Program, applicants for the Area Growth Program must meet the following requirements:

- (1) Currently using oil for space heating purposes;
- (2) Commit in writing to converting to gas for space heating purposes;
- (3) Qualify for service under Service Classification 2 Rate II or Service Classification 3, or their equivalent firm transportation service under Service Classification 9;
- (4) Commit to convert to gas service within time period specified by Company; and
- (5) Be located in an AGZ as established by the Company.

The Company will post information about the Program including established AGZs and the time table, applicable forms and process for applying for service within each AGZ on its website. The Company will also file a Statement of Area Growth Zones identifying the AGZs and related information with the Commission prior to the commencement of the enrollment period. The Company may, in its discretion, amend from time to time the boundaries of the area growth zones.
