NIAGARA MOHAWK POWER CORPORATION  
INITIAL EFFECTIVE DATE: OCTOBER 21, 2013

LEAF: 194.9  
REVISION: 1  
SUPERSEDING REVISION: 0

#### GENERAL INFORMATION

#### 34. ECONOMIC DEVELOPMENT PROGRAMS: (Continued)

##### 34.7 Program 6 - Excelsior Jobs Program ("EJP") (Continued)

34.7.3.3 For eligible Service Classification No. 7 customers, the alternate billing methodology used to separate incremental EJP load from Service Classification No. 7 load (i.e., base load), as provided in Rule 34.7.3 shall be modified as provided herein.

34.7.3.3.1 The customer's total facility load shall replace the billing metered units in the determination of the base period billing units specified in Rule 34.7.3.1. The total facility load represents the customer's load excluding power and energy supplied by the customer's on-site generation, and shall be calculated on an interval-by-interval basis as the sum of the generation metered units and the billing metered units minus any excess generation metered units that are delivered back to the Company's electric system. In the event power and energy was supplied by on-site generation during the 12-month period used to calculate the base year billing determinants and generation interval-by-interval metering data was not available for all or part of the 12-month period, the Company shall estimate the total facility load.

34.7.3.3.2 In each billing period, the total facility load shall be determined by adding, on a metered interval-by-interval basis, the generation demand and energy values to the billing demand and energy values, minus any excess generation demand and energy values that are delivered back to the Company's electric system. The total facility load demand and energy shall replace the current month's demand and energy specified in Rule 34.7.3.2 in the determination of the customer's eligibility for EJP benefits in the applicable Billing Period, the customer's EJP demand and energy available for the EJP discount, and the Company billing demands and energy for non-EJP service.

34.7.3.3.3 Charges for demand and energy not available for EJP discount shall be as specified in Special Provision K of Service Classification No. 7
