37. REMOTE NET METERING (Cont'd)

CENTRAL HUDSON GAS & ELECTRIC CORPORATION

**Application for Remote Net Metering
Pursuant to General Information Section 37 of P.S.C. No. 15 – Electricity (“Tariff”)**

Remote net metering is generally available to any customer that owns or operates non-residential photovoltaic, farm waste electric generating equipment, non-residential micro-hydroelectric generating equipment, or residential customers with farm operations that own or operate micro-hydro generating equipment or photovoltaic generating equipment, as defined in Public Service Law Section 66-j, or farm or non-residential wind electric generating equipment, as defined in Public Service Law Section 66-l, that is net metered pursuant to the applicable special provisions of Service Classification Nos. 1, 2, 3, 6 or 13.

Applicant must designate the customer meter where the net metering eligible resource is located (“Host Account”) and the customer accounts where the customer would like to apply excess net metering credits (“Satellite Accounts”) from the Host Account.
