Superseding Revision: 2

SERVICE CLASSIFICATION NO. 9 – Continued
GENERAL - LARGE

Special Provisions

- (A) The Company's electric service under this Service Classification will be metered and furnished directly to the Customer:
- (1) for redistribution or the furnishing of electric service by the Customer for use of the Customer's nonresidential tenants or nonresidential occupants in the building or premises at which the Customer is furnished with electric service under this Service Classification in the Company's territory in the Boroughs of Manhattan, The Bronx (except for City Island, Pelham Bay Park, Williamsbridge, Wakefield, and the territory north of Pelham Bay Park to the City line), Brooklyn, and Queens, and in other portions of the territory if authorized by the Public Service Commission; or
 - (2) for redistribution or the furnishing of electric service by the Customer for use of the Customer's residential tenants or occupants in the building or premises at which the Customer is furnished with electric service under this Service Classification during the period between construction or substantial renovation of the building wiring and the installation of submetering authorized as specified in Rider G; or
 - (3) directly to a Customer of the Company on condition that such electric service is for the Customer's own use, provided; however, that the Customer may redistribute or furnish electric service for use of tenants or occupants in the building or premises at which the Customer is furnished with electric service under this Service Classification where the electric energy so redistributed is to:
 - (a) Transient or non-transient occupants of a facility operated primarily for transients;
 - (b) Rooming houses, dormitories, hospitals, nursing homes, assisted living facilities or senior living facilities as defined in 16 NYCRR Part 96.1, and other institutional care facilities, where the tenants or occupants do not occupy individual flats or apartments equipped with separate kitchen and bathroom facilities;
 - (c) Portions of the Customer's premises which are impractical to meter separately, such as: (i) concession stands in office building lobbies or amusement parks not completely separated from the areas surrounding them, (ii) individual offices in professional suites having facilities and office services shared by the occupants of such offices, and (iii) incidental storage space provided in connection with occupancy of other portions of the Customer's premises;
 - (d) Occupants of the Customer's premises who are primarily engaged in the business of supplying incidental goods or services to the Customer or the Customer's students or employees;
 - (e) Tenants occupying space which does not exceed 10 percent of the total square foot area supplied under this Service Classification if low-tension service is furnished; or
 - (f) Residential connected load which does not exceed 50 percent of the total connected load supplied hereunder, based on information provided by the Customer, if high-tension service is furnished. For purposes of this provision, "connected load" is the Customer's total load on the electrical system if all of the electrically powered equipment (such as lighting, air conditioning and motors) is operating at one time; or
 - (g) Campgrounds, recreational trailer parks, marinas, or parking facilities with plug-in electric vehicle charging stations, as described in 16 NYCRR Part 96; or
 - (4) to electrically-heated nursing homes, pursuant to order of the Public Service Commission in Case 91-E-0462.
