

PSC NO: 10 – Electricity
Consolidated Edison Company of New York, Inc.
Initial Effective Date: 03/01/2014
Issued in compliance with order in Case 13-E-0030 dated 02/21/2014

Leaf: 357
Revision: 3
Superseding Revision: 2

GENERAL RULES

26. Additional Delivery Charges and Adjustments - Continued

26.6 Surcharge to Collect Assessments Under Section 18-a of the Public Service Law

To implement the change to Section 18-a of the Public Service Law (“PSL”), signed into law on April 7, 2009, the Company will collect through a delivery service surcharge, applicable under each Rate Schedule, the amount assessed to the Company, excluding gross receipts taxes, in excess of the amount reflected in base rates. As directed in the Public Service Commission’s Order, dated June 19, 2009, in Case 09-M-0311, delivery service surcharges for each 12-month period commencing July will be designed to collect any Section 18-a assessment for the State fiscal year that commenced April of that year above the amount reflected in base rates, plus uncollectible expenses at the rate reflected in base rates and working capital costs at the Company’s pre-tax rate of return. Amounts surcharged pursuant to the Commission’s Order, issued and effective April 24, 2009, in Case 08-E-0539, will be applied to the amount to be collected over the 12 months commencing July 1, 2009. To the extent the amount of the surcharge decreases in any year due to a fluctuation in annual intrastate gross operating revenues, the Company may maintain the prior year’s surcharge to improve its cash flow position without increasing Customers’ bills.

Any difference between Section 18-a amounts to be recovered and actual amounts collected, excluding gross receipts taxes, will be reflected in a subsequent period surcharge; provided, however, that any reconciliation amount required to be collected after the last year that the surcharge is in effect, will be deferred, plus working capital costs, for future disposition.

The delivery service surcharge to be collected under this Rate Schedule and the PASNY Rate Schedule will be allocated to each Rate Schedule based on their contribution to the Company’s total electric revenues, including gross receipts taxes. Revenues will include both delivery and supply charges for all Service Classifications under this Rate Schedule (including estimated supply charges for Retail Access Customers) and delivery charges only for the PASNY Rate Schedule, and gross receipts taxes for all.

Each Service Classification under this Rate Schedule will be allocated its pro rata share of the amount required to be collected based on that class’s contribution to total electric revenues under this Rate Schedule.
