E. Termination of Service: (Cont'd)

(12) Termination of Service in Regard to the Purchase of ESCO Accounts Receivable Program (POR)

Non-Residential Customers

The Company is authorized to disconnect its delivery service and the ESCO's commodity service, in accordance with 16 NYCRR Part 13, to non-residential customers where (i) the customer fails to make full payment of all amounts due on the consolidated billing; (ii) the Company has purchased the ESCO receivable; and (iii) the ESCO furnishes the Company an affidavit from an officer of the ESCO representing to the Company that the ESCO has notified its current non-residential customers and shall notify its future non-residential customers that the Company is permitted to disconnect the customer for non-payment of the ESCO charges. The ESCO shall indemnify the Company for any cost, expense, or penalty if the customer's service is discontinued for non-payment and the customer establishes that it did not receive such notification. ESCOs participating in the POR waive the right to seek termination for non-payment of ESCO commodity service and/or to request suspension of the Company's distribution service.

Residential Customers

The Company, in accordance with applicable provisions of law, may disconnect its delivery service and the ESCO's commodity service (collectively, "utility service") to residential customers who fail to make full payment of all amounts due on the consolidated billing, including the amount of the purchased ESCO receivables. A residential customer disconnected from utility service under the POR shall be reconnected to service upon the payment of the arrears that were the subject of the disconnection, which may include both delivery and supply charges, or a lesser amount as specified in Public Service Law Section 32(5)(d). ESCOs participating in the POR waive the right to seek termination of ESCO commodity service and/or to request suspension of the Company's distribution service.

(13) Termination of Residential Service Special Procedures

Special emergency procedures, required by 16 NYCRR Part 11.5 provide special protections for specified residential customers regarding the termination and restoration of service in cases involving medical emergencies, the elderly, blind or disabled, and terminations during cold weather. Copies of the Company's special procedures are on file with the Commission and are available to the public upon request at Company offices where applications for service may be made.

(14) Trip Charge

A customer shall be assessed a \$10 trip charge if payment is made at the time the Company's representative arrives at the Customer's location to terminate the service.
