(V) Reconnection Charges

A reconnection charge shall apply when the Company sends an employee to the Customer's premises to re-establish service to a Customer whose service has been discontinued for non-payment of a deposit or for any of the rates and charges billed pursuant to the Company's Schedule for Gas Service. The charge for re-establishment of service to a Service Classification ("SC") No. 1 Rate I Customer or corresponding SC No. 9 Rate (A)(1) Customer shall be \$65.00 each time. The charge for re-establishment of gas service to all other gas Customers excluding SC No. 3 Rate II customers and corresponding SC No. 9 Rate (A)(6) customers, shall be \$245.00 each time, except as noted below.

For the period beginning January 1, 2014 through December 31, 2016 (the term of the Gas Rate Plan in Case 13-G-0031), the charge for re-establishment of gas service to SC No. 1 Rate II and SC No. 3 Rate II (Low income) Customers or SC No. 9 Rate (A)(1) and (A)(6) Low Income Customers shall be waived for the first occurrence, unless the fee waiver program ends prior to the end of the Gas Rate Plan in Case 13-G-0031, as explained below. After the first occurrence, the reconnection charge for each low income customer being served under SC No. 1 or 3, Rate II or SC No. 9 Rate (A)(1) or (A)(6) shall be \$65.00 for each additional occurrence. The Company may grant reconnection fee waivers to individual customers more than once, on a case-by-case basis and for good cause shown, provided that the Company does not forecast that it will exceed the program target of \$225,000 over the term of the Gas Rate Plan. The fee waiver program will end once the cost of the program exceeds \$225,000 during the term of the Gas Rate Plan. If the Company forecasts, based on quarterly reported data from at least the first six months of the Gas Rate Plan, that the \$225,000 program target will be exceeded over the term of the Gas Rate Plan, the Company may file a tariff change to limit the reconnection fee waiver to no less than fifty percent of the total reconnection fee so that the estimated cost of waived reconnection fees, over the term of the Gas Rate Plan, does not exceed \$225,000. Street reconnections shall be performed at cost and recover, where applicable the costs of labor, material, corporate overhead and taxes.

Any reconnection fees waived in any twelve-month period ending December 31, will be recovered through the Low Income Reconciliation Adjustment component of the MRA over a twelve-month period commencing the following January 1.
