**Re: Proposed Tariff Revision - General Housekeeping**

Dear Secretary Burgess:

National Fuel Gas Distribution Corporation (“Distribution” or the “Company”) hereby submits the following tariff revision to its tariff, P.S.C. No. 9 – GAS:

<u>Section No.</u>	<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding Revision No.</u>
0	131	4	2

By way of background, this is a filing to make a general housekeeping correction to the naming of an item listed in the table of this Leaf. The purpose of this change is to keep consistent language throughout the tariff, specifically to coincide with language shown on Leaf 118. Specifically, a title is being renamed from “PSC Assessment Charge” to “PSC Audits and Assessment Charge” for consistency purposes.

It should be further noted that Leaf 131, Revision No. 3 is currently pending, with an effective date of 12/1/2018, in compliance with Case No. 14-M-0565 regarding the Company’s low income implementation plans. However, this proposed tariff revision is completely separate and unrelated to Case 14-M-0565.

Concurrent with this filing, Distribution respectfully requests a waiver from the requirements of Public Service Law §66(12) and 16 NYCRR §720-8.1, pertaining to newspaper publication. The proposed tariff changes are being made for consistency and clarification purposes, the revisions are largely non-substantive in customer effect, and therefore the expense of publication would not serve the public interest.

If you have any questions regarding the Company’s tariff filing, please contact me at your convenience.

Respectfully submitted,

Evan M. Crahen
