**Re: Cases 14-M-0224, 16-M-0411, and 17-M-0315, Community Choice Aggregation**

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) is filing with the Public Service Commission (the “Commission”) amendments to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Electric Tariff”), applicable to its customers in the City of New York and the County of Westchester.

The Company hereby submits the Statement of Community Choice Aggregation Data Access Fees No. 1 and the following tariff leaves:

<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding No.</u>
4	2	0
130	2	0
130.1	0	

The statement and leaves are issued January 3, 2018, to become effective on January 6, 2018.

**Reason for Filing**

The Commission’s Order Establishing Community Choice Data Access Fees (the “Order”), issued December 14, 2017, in Cases 14-M-0224, 16-M-0411, and 17-M-0315, directed the Company to file tariff amendments implementing Community Choice Aggregation (“CCA”) data access fees consistent with the requirements of the Order.

**Tariff Changes**

Pursuant to the Order, the Company is adding “Community Choice Aggregation (“CCA”)

Program” to General Rule 17.8, “Special Services Performed by the Company at a Charge” of the Electric Tariff. CCA data may be requested by a municipality or its designee (CCA Administrator or ESCO) after signing a data security agreement with the Company. In addition, the requestor must have an approved implementation and data protection plan, and certification of local authorization approved by the Commission.

The Company is establishing a uniform fee of \$0.80 per account which will be apportioned 20% to requests for aggregated data and 80% to requests for customer-specific data.

CCA Data will consist of the following:

- a) Aggregated customer data, including the number of customers, the aggregated peak demand (kW) by month for the past 12 months by service class, if applicable, and the aggregated energy (kWh) by month for the past 12 months by service class. The charge for such aggregated data is included in the Statement of CCA Data Access Fees.
- b) Customer-specific data, including the 1) customer of record’s name, 2) mailing address, 3) primary language, if available, and 4) any customer-specific alternate billing name and address, for use by the CCA Administrator to execute a CCA opt-out process or to support the mailing of opt-out notices. The charge for such customer-specific data is included in the Statement of CCA Data Access Fees.
- c) Customer-specific data, after the opt-out process has been completed, including the account numbers of eligible customers that did not opt-out. The charge for such customer-specific data is included in the Statement of CCA Data Access Fees.

### **Conclusion and Notice**

As directed by Ordering Clause 2 of the Order, the Company is filing these changes on not less than three days’ notice to become effective on January 6, 2018. As specified in Ordering Clause 4 of the Order, the Commission has waived the requirements for newspaper publication.

Questions regarding this filing can be directed to Ricky Joe at (212) 460-4995.

Sincerely,

/s/ William A. Atzl, Jr.
