Energy Affordability for Low Income Utility Customers – ORDER APPROVING  
IMPLEMENTATION PLANS WITH MODIFICATIONS

Dear Secretary Burgess:

The attached leaves and statement, issued by Niagara Mohawk Power Corporation, d/b/a National Grid (“Company”), are being transmitted for filing in compliance with Order issued by the New York State Public Service Commission (“Commission”) on February 17, 2017 in Case 14-M-0565 (Order”).

Fourteenth Revised Leaf No. 349  
First Revised Leaf No. 356  
Twenty-First Revised Leaf No. 359  
First Revised Leaf No. 368

Statement of Earnings Affordability Credit No. 1(“EAC”)

To PSC No. 220 Electricity

Effective: January 1, 2018

On February 17, 2017, the above Order was issued by the Commission approving the utilities low-income implementation plans with certain modifications. This Order directed the utilities to file tariff amendments implementing the provisions of this order on no less than two days’ notice to become effective on April 1, 2017.

On March 27, 2017, the Company issued a letter to the Secretary of the Commission requesting an extension of the April 1, 2017 filing date to December 1, 2017 to file the tariff amendments implementing the provisions discussed in the Order. This request by the Company was made to avoid customer confusion as the new rates would not become effective until January 1, 2018. On March 29, 2017, the Secretary of the Commission granted this request extending the filing of these tariff revisions to December 1, 2017. The attached leaves comply with this directive.

Ordering Clause No. 3 of this order waived the requirements of Public Service Law §66(12)(b) as to newspaper publication of the changes included with this filing.

The attachment included with this filing contains redlined leaves showing the revisions to this filing.

Please contact the undersigned of any action taken regarding this filing.

Sincerely;
