Honorable Kathleen H. Burgess
Secretary
New York State Public Service Commission
Three Empire State Plaza, 19th Floor
Albany, New York 12223-1350

**RE: Case 17-E-0104, General Rule 8.3 - Generating Facilities Used on an
Emergency Basis for Export**

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) is filing with the Public Service Commission (the “Commission”) an amendment to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity, applicable to its customers in the City of New York and the County of Westchester. The revised tariff leaf, which is identified below, is filed to become effective on May 23, 2017:

<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding No.</u>
79	5	4

Tariff Change

The Commission’s Order Approving Subject to Modifications Tariff Amendment for Battery Discharge in Brooklyn/Queens Demand Management Program and Making Other Findings (the “Order”), issued and effective May 18, 2017, approved tariff changes to rename General Rule 8.3, “Generating Facilities Used Under Special Circumstances for Export,” and expand that General Rule to permit the export of electricity discharged by battery storage systems when the Company calls demand-response events under the BQDM Program. The Order directed that the Company file a further tariff change to General Rule 8.3 to allow export of battery storage systems into the primary or secondary distribution system as part of any Non-Wires Alternative project-related procurement, provided that the Company has determined such export to be safe.

To comply with the Order, the Company is filing an amendment to General Rule 8.3 to indicate that the export of electricity discharged by battery storage systems into the

Company's primary or secondary distribution system will be permitted at the direction of the Company under a Non-Wires Alternative project, provided that the Company has determined such export to be safe.

Conclusion and Notice

As directed by Ordering Clause 1 of the Order, the Company is filing this tariff amendment to become effective, on not less than one day's notice, on May 23, 2017. Ordering Clause 2 of the Order waived the requirement for newspaper publication.

Sincerely,

/s/ William A. Atzl, Jr.
Director
Rate Engineering Department
