Secretary to the Commission

Public Service Commission

Dear Secretary Burgess:

Orange and Rockland Utilities, Inc. (the "Company") herein submits for filing its Statement of Market Supply Charge, Statement No. MSC-75, to its Schedule for Electric Service, P.S.C. No. 3-ELECTRICITY. This Statement is issued May 29, 2018, to become effective June 1, 2018.

The Market Supply Charges ("MSC") for June 2018 include a projection of June 2018 electric supply costs and a reconciliation of April 2018 electric supply costs and MSC recoveries and the Clean Energy Standard Supply Surcharge. This statement also includes a determination of the capacity and adder rates and Clean Energy Standard Supply Surcharge necessary for Day-Ahead Hourly Pricing customers pursuant to the Commission's Orders issued April 24, 2006 and February 22, 2017, in Case Nos. 03-E-0641 and 15-E-0302, respectively.

In February 2018, the Company over collected approximately \$5.9 million. Normally, this over collection would have been fully reconciled in the April 2018 MSC rates. To mitigate the impact of this over collection on the April 2018 MSC rates, the Company deferred refund of \$2.9 million to subsequent month(s) MSC. The \$1.5 million of the \$2.9 million, for which refund was deferred, was included in the May 2018 MSC. The remaining \$1.4 million, plus interest, for which recovery was previously deferred, is included in the June 2018 MSC.

The Company also includes a copy of the workpapers used to determine the June 2018 MSC.

Questions regarding this filing can be directed to Cheryl Ruggiero at (212) 460-3189.

Sincerely,

/s/
