Re: Tariff Filing by New York State Electric & Gas Corporation to Revise its Electric Tariff Schedule, P.S.C. No. 121, to Modify Existing and Offer Additional Company-Owned LED Street Lighting Options for Customers Served Under Service Classification No. 3.

Dear Secretary Burgess:

New York State Electric & Gas Corporation ("NYSEG") (the "Company"), subsidiary of Avangrid, Inc. ("AVANGRID"), hereby submits the enclosed tariff leaf in compliance with the requirements of Appendix 7-H (electronic tariff filing system) to the New York State Public Service Commission's (the "Commission") Codes, Rules and Regulations (16 NYCRR Appendix 7-H).

The revised tariff leaf is to become effective April 23, 2018.

NYSEG PSC No. 121 - Electric  
Leaf No. 57, Revision 18

**Purpose of Filing**

The Company had submitted a filing on March 6, 2018, proposing revisions to the LED offerings in its tariff. The Company is filing the tariff revision to reflect the proposed delivery prices for the NYSEG Supply Service option, which are the same as the prices filed for the ESCO Supply Service option.

**Newspaper Publication**

The Company requests that the requirements of Section 66(12)(b) of the New York Public Service Law and 16 NYCRR Section 720-8.1 as to newspaper publication be waived as these revisions only affect municipal customers, and the Company will notify customers when contacted to convert their existing street lights to LEDs. Additionally, these revisions do not constitute a "major change" under New York Public Service Law Section 66(12)(c).
