Charges, Rules and Regulations of Niagara Mohawk Power Corporation d/b/a

**Gas Safety and Reliability Surcharge (“GSRS”) for Niagara Mohawk Power
Corporation d/b/a National Grid for Gas Service**

Dear Secretary Phillips:

Niagara Mohawk Power Corporation d/b/a National Grid (“the Company”) hereby submits its Statement of Gas Safety and Reliability Surcharge (“GSRS”) in compliance with Section 7.3 of the Joint Proposal approved by the Commission in the above-referenced case, as well as Rule 39 of the Company’s tariff, PSC No. 219 – Gas. The GSRS allows the Company to recover (i) the cost to replace incremental leak prone pipe; and (ii) the cost to repair additional leaks.

The Company has calculated the GSRS related to the period Rate Year 3 (Fiscal Year 2021), including the prior year total imbalance from August 1, 2020 through July 31, 2021, to be implemented for 12-months effective August 1, 2021.

Attachment 1 contains the calculations used to develop the GSRS Surcharge.

Respectfully Submitted,

/s/ Melissa M. Barnes
