RE: Case No. 18-E-0067, Proceeding on Motion of the
Commission as to the Rates, Charges, Rules and
Regulations of Orange and Rockland Utilities, Inc. for
Electric Service

Dear Secretary Phillips:

Orange and Rockland Utilities, Inc. ("O&R" or the "Company") hereby submits for filing with the Public Service Commission (the "Commission") 14th Revised Leaf No. 350 to the Company's Schedule for Electric Service, P.S.C. No. 3 – ELECTRICITY (the "Electric Tariff"). This tariff leaf is issued April 5, 2021, to become effective April 8, 2021.

On March 26, 2021, the Company made a filing in compliance with the Commission's Order Approving Tariff Amendments on a Permanent Basis, issued and effective March 19, 2021, in the above referenced proceeding (the "Order"). Pursuant to the Order, the Company made the filing to incorporate tariff revisions that became effective on February 1, 2021, in Case 20-E-0376, with tariff revisions implementing Rate Year 3 delivery rates that became effective on a temporary basis on January 1, 2021, and were subsequently approved on a permanent basis in the Order. The Company has discovered that one section of the Electric Tariff included in the March 26, 2021 filing required a correction. In Service Classification No. 21 the rate listed for the usage charge for periods I and II was stated incorrectly as 1.513 ¢/kWh. The filing today includes the correct rate of 1.553 ¢/kWh.

The Company hereby requests a waiver of the Commission's requirement to publish notice of this filing. Please direct any questions regarding this filing to Cheryl Ruggiero at (212) 460-3189.

Very truly yours,

/s/

William A. Atzl, Jr.
Director – Rate Engineering
