RE: Case 15-E-0751 – In the Matter of the Value of Distributed Energy Resources (VDER)

Dear Secretary Phillips:

The enclosed tariff amendments, issued by Niagara Mohawk Power Corporation d/b/a National Grid (the “Company”), are being transmitted in compliance with the March 19, 2020 *Order Regarding Community Credit and Community Adder Allocations* issued by the New York State Public Service Commission (“Commission”) in the above case number (“Order”).

Identification of Tariff Amendments:

Second Revised Leaf No. 220.0.3
First Revised Leaf No. 220.7.0.1
Third Revised Leaf No. 220.7.3

To P.S.C. No. 220 Electricity

Effective: May 1, 2020

On November 1, 2019, the New York State Energy Research and Development Authority (“NYSERDA”) submitted a Petition (“the Petition”) requesting that the Commission ensure continued availability of the Community Credit Component. In the Petition, NYSERDA recommended that the Commission open additional Community Credit availability by reallocating capacity assigned to cancelled projects. In the Order, the Commission directed the Company to reallocate capacity from closed tranches where available capacity remained due to projects being cancelled since the issuance of the VDER Compensation Order,¹ and to assign that capacity to a new Community Credit Tranche with compensation at 2 cents per kWh. Furthermore, the Commission directed the Company to reallocate capacity to this new Tranche for the next six months when there are cancellations of projects that have received a Market Transition Credit or Community Credit allocation. The tariff amendments contained herein address these changes as directed in the Order.

¹ Case 15-E-0751, *et al.*, *In the Matter of the Value of Distributed Energy Resources, Order Regarding Value Stack Compensation* (issued April 18, 2019) (“VDER Compensation Order”).

Ordering Clause No. 1 of the Order directed affected utilities to file tariff amendments on no less than twenty days' notice effective on May 1, 2020. Ordering Clause No. 4 of the Order waived the requirements of PSL §66 (12) (b) and 16 NYCRR §720-8.1 concerning newspaper publication of tariff amendments.

Attachment 1 contains the Company's redlined tariff leaves showing where the changes to the above leaves have occurred. Please advise the undersigned of any action taken regarding this filing.

Respectfully submitted,

/s/ Carol Teixeira
