Honorable Michelle L. Phillips
Acting Secretary
New York State Public Service Commission
Three Empire State Plaza, 19th Floor
Albany, New York 12223-1350

**RE: Case 15-E-0751 and Case 15-E-0082, Net Metering and Value Stack
Tariff**

Dear Secretary Phillips:

Consolidated Edison Company of New York, Inc. is filing with the Public Service Commission (the “Commission”) amendments to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Electric Tariff”).

The revised Electric Tariff and PASNY Tariff Leaves, which are identified below, are filed to become effective on November 25, 2019.

<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding No.</u>
245.0.1	2	1
254	9	8

Reason for Filing

This filing is made pursuant to the Commission’s Order on Net Energy Metering Transition, Phase One of Value of Distributed Energy Resources, and Related Matters, issued and effective March 9, 2017 (the “Order”) in Case No. 15-E-0751, “In the Matter of the Value of Distributed Energy Resources,” and Case No. 15-E-0082, “Proceeding on Motion of the Commission as to the Policies, Requirements and Conditions For Implementing a Community Net Metering Program.”

Tariff Changes

Pursuant to the Order, customers that qualify for compensation under Phase One Net Energy Metering (“Phase One NEM”) on or after January 1, 2020 will continue to receive such compensation until such time that a new compensation methodology for these types of projects is effective as directed by the Commission. After such date, these customers will begin to receive compensation under the new methodology instead of compensation under Phase One NEM. The Applicability Section and Term of Service Section of Rider R – Net Metering and Value Stack for Customer Generators have been amended accordingly.

Conclusion and Notice

As directed by Ordering Clause 1 of the Order, the tariff amendments are filed, on not less than five days’ notice, to become effective on November 25, 2019. As specified in Ordering Clause 23 of the Order, the Commission has waived the requirements for newspaper publication.

Sincerely,

/s/

William A. Atzl, Jr.
Director
Rate Engineering Department
