Re: Case 19-G-0171, Non-Pipe Solutions Tariff Modifications

Dear Secretary Burgess:

Orange and Rockland Utilities, Inc. ("O&R" or the "Company") is filing with the Public Service Commission (the "Commission") amendments to its Schedule for Gas Service, P.S.C. No. 4 – GAS (the "Tariff").

The modified Tariff leaves, which are identified below, are filed to become effective on September 1, 2019.

<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding No.</u>
73	24	23
74	13	12
74.1	1	0
80.3.1	8	7

Reasons for and Summary of Proposed Tariff Modifications

The Commission's Order issued on August 12, 2019 (the "Order"), in Case 19-G-0171, approved in part the Tariff modifications filed by the Company on March 4 and July 23, 2019 and further directed the Company to modify its Tariff as discussed below. Tariff modifications are scheduled to become effective on September 1, 2019.

Tariff Changes

Pursuant to Ordering Clause 1, the Order directed the Company to modify its Tariff to recover costs associated with compressed natural gas ("CNG") and liquid natural gas ("LNG") projects that are used and useful and to exclude those costs associated with abandoned CNG and LNG projects.¹

Conclusion and Notice

Pursuant to Ordering Clause 3, the Company is filing these tariff amendments on not less than five days' notice to become effective on September 1, 2019. Pursuant to Ordering Clause 4, the Commission has waived the newspaper publication requirements of Section 66(12)(b) of the Public Service Law and 16 NYCRR Section 720-8.1 for the further Tariff modifications.

¹ The Company believes that this decision is contrary the court decision in *Abrams v. PSC*, 67 N.Y.2d 205 (1986).
