The Statements will become effective June 24, 2019.

P.S.C. No. 19 – Electric, Schedule for Electric Service

Tax Credit Statement (TSS) Statement No. 2 Effective: June 25, 2019

Purpose of Filing

The purpose of this filing is to update the electric Tax Credit Statements to reflect the allocation of tax credits to base delivery rates for the residential Electric Vehicle Special Provision that became effective April 1, 2019¹.

¹ Case 18-E-0206, *Tariff filings to Effectuate the Provisions of Public Service Law Section 66-0 (Residential Electric Vehicle Charging Tariff)*, Order Rejecting Tariff Filings and Directing Tariff Revisions (issued November 15, 2018).

On August 9, 2018, in the subject proceeding, the *Order Determining Rate Treatment of Tax Changes* required submittal of Tax Credit Statements which became effective on October 1, 2018. On March 30, 2018, the Companies submitted tariff amendments to effectuate Public Service Law 66-o (Electric Vehicle Charging) and then compliance tariffs on January 2, 2019. The Companies inadvertently did not update the Tax Credit Statement to include the tax credits allocated to the rates to be applicable to residential customers that elect to take service under the Special Provision when it filed its compliance filing on January 2, 2019.
