April 19, 2019

Honorable Kathleen H. Burgess, Secretary  
State of New York  
Public Service Commission  
Office of the Secretary, 19th Floor  
Three Empire State Plaza  
Albany, New York 12223-1350

Dear Secretary Burgess:

Niagara Mohawk Power Corporation, d/b/a National Grid (the "Company") submits the following revised P.S.C. No. 214 – Outdoor Lighting Tariff (the "Lighting Tariff") leaf for filing in accordance with the requirements of the New York State Public Service Commission (the "Commission"):

Fifteenth Revised Leaf No. 40

To PSC No. 214 Electricity

Effective: June 1, 2019

The purpose of this filing, which is of a housekeeping nature, is to remove the pricing exceptions for the Chautauqua Utility District (the "District"). In the *Order Approving Transfer of Street Lighting Facilities to the Chautauqua Utility District*, issued September 14, 2018 in Case 18-E-0152, the Commission approved the sale of street lighting facilities to the District. The Company and the District closed the transaction on February 7, 2019, and the Company filed the final compliance journal entry with the Commission on April 5, 2019. With the transfer of the street lighting assets complete, the District moved from Lighting Tariff Service Classification ("S.C.") No. 2 to S.C. No. 3 (energy only), eliminating the pricing exceptions. Attachment 1 included with this filing contains redlined leaves showing this change.

Because of the housekeeping nature of this filing, the Company requests waiver of the statutory requirements required under the State Administrative Procedures Act for this leaf to become effective on June 1, 2019. Furthermore, because of the limited customer impact created by the changes, the Company also requests waiver of the newspaper publication requirements of Public Service Law § 66-12 and 16 NYCRR § 720.8.

Please contact the undersigned of any questions regarding this filing.

Respectfully Submitted,

/s/ Carol Teixeira

Carol Teixeira
